OH ALSHABAB

THIS IS THE END OF WHOEVER FIGHTS THE KHILAFAH.

By: Abdullah Al Najdi

[All] praise is [due] to Allah, Lord of the worlds
May peace and blessing be upon the trustworthy prophet.
To proceed:
These are words that we are hereby writing so that it reaches anyone who stands in the way of the islamic khilafah project that has returned to rule the earth by the shari'ah after years of the taghuti constitutional rule
To whoever who follows desires, and is carried by the blind sanctification and fanaticism towards the party, group or organization, and thus gave precedence to his organization over the great interest and the unification of the muslim rank.
Oh the Alqaida soldier;
And I intend for this specifically the Alshabab movement;
Who were observing silence from since Jawlani defected and was supported by Adh-Dhawahiri, thinking that it is the rightful manner.
They didn't know that there is no neutrality between

the truth and falsehood and that whoever claims neutrality at all, he has betrayed the truth and has aided the falsehood knowingly or unknowingly.

Oh Alshabab movement;

Al-Adnani- may Allah safeguard him- has called you towards saying something about what your leader Adh-Dhawahiri did but you remained silent!

Then, due to positive thinking, the Khilafah soldiers sent you speeches and calls towards joining the khilafah caravan; but you didn't respond!

Then after a band of the Mujahidin reponded and gave allegiance the Khalifah of the Muslims;

You fought them, and chased them out of partisanship towards a party!

Astonishingly, no one has the right to defect from your organization, but you have the right to accept the defected Jawlani!

Oh Alshabab movement;

Ponder upon your surroundings, on what happened to anyone who stands against the Khilafah project?

Ask your syrian branch, and ask them about the status of the Sahawat of sham?

Disband followed by disband, contrary to the power of the Islamic khalifah.

Indeed your stance against the Khilafah project, is the start of your vanishing.

Didn't you fight Jihad for the khilafah to be back?!

Or is it because it was returned from outside your organization, that you were arrogant and contented with the allegiance to the dead and the secret agents?!

Dont be deluded by the pioneership of your leaders, because the consideration is the truthfulness. Your branches are in a misguidance followed by a misguidance and deviation.

You know the reality, but you are arrogant, you

followed your desires, and were satisfied with the narrowness of the organization and have left the Islamic Khilafah;
They will not succeed, people who worked towards dividing the muslims and obstructing the Islamic Khilafah.
Oh Allah give support to the Islamic Khilafah.
Oh Allah, punish anyone who fights the Khilafah and stands against it.
May peace and blessings be upon our prophet Muhammad, his Aal and all his companions.
